Sonny Chua is an inspiring and engaging composer, passionate about his teaching roles in life and well known for enthusing younger people to wholeheartedly embrace music. All Music Publishing is delighted to present this collection of piano music written specifically for multiple players at the piano. It contains a selection of Sonny's duets, trios and sextets. Students and teachers, friends and family will have great fun playing Sonny's humorous and exciting works. What is needed is either 4 hands, 6 hands or 12 hands (or from 16 fingers/4 thumbs to 48 fingers/12 thumbs!), a piano and perhaps a competitive streak. Each piece is exhilarating to play and has many little challenges - watch out for instructions to "knock players 2 and 3 off their chairs" so that player 1 can take over that section of the keyboard!
